## Too much milk

	Alice	Bob
12:30	Look in the fridge. Out of milk.	
12:35	Leave for store	
12:40	Arrive at store	Look in the fridge. Out of milk.
12:45	Buy milk	Leave for store
12:50	Arrive home, put milk away	Arrive at store
12:55		Buy milk
1:00		Arrive home, put milk away oh no!

## Beyond milk

X is a global variable initialized to 0

## thread I

```
void foo() {
    x++;
};
```

## thread 2

```
void bar() {
    x--;
};
```

What is the value of x after thread I and 2?
